Description

The Rivemont MicroCap Fund seeks to achieve long-term capital appreciation by investing primarily in equity securities of North American companies with micro or small capitalization. The Fund manages a concentrated portfolio of up to 25 stocks using a bottom-up and fundamentally research-driven approach. The goal is to invest in high-quality companies demonstrating sustained revenue and earnings growth, experienced management teams, strong competitive

advantages, high insider ownerships and sound capital structures. The Fund may seek to buy securities in initial public offerings (IPOs) and secondary offerings such as private placements in order to enhance the portfolio's risk-reward profile. The Rivemont MicroCap Fund is ideal for any investor looking for high return potential, while benefiting from an asset with low correlation to traditional asset classes.
